Who can forget the terror of a new job? Entering an unfamiliar world, with unknown expectations, is a nerve-wracking experience. In law, the new attorney is tackling not only a new job but also a very new, very different, and exceptionally stress-filled professional life...and mountains of student debt. Each year, tens of thousands of new law graduates enter an already saturated job market...yet many are ill-prepared for survival in an ever more unforgiving, fast-paced profession. As law students, you're offered a wide array of guidebooks to succeed in law school, to excel in law exams, and to pass the bar exam. Upon entering the real world of law, however, you're are pushed back into a dark, dangerous jungle. The Young Lawyer's Jungle Book will be your guide to help you find your way to safety and career success. In a cop's world it's kill or be killed, but the truth of the matter is that a shooting's aftermath is often the most dangerous time for the cop. This unique life- and career-saving manual contains every shred of critical information the police officer needs to survive the media, investigations and more. Visit BlueToGold.com for agency-pricing. This book provides concise, targeted information for police officers. The Fourth Amendment

only prohibits one type of search or seizure, the unreasonable one. This book explains what those factors are. It is written in a checklist type format and officers around the country have expressed their appreciation for its down-to-Earth writing style and easy-to-apply format. Topics Covered: Private Citizens & Agents Two Types of Searches Abandoned or Lost Property Consensual Searches De Facto Arrests Unprovoked Flight Being Filmed or Recorded When to 'Unarrest' Suspect 'Contempt of Cop' Arrests Hotel Rooms Parental Consent to Search Child's Room Re-engagement After Invocation to Remain Silent Re-engagement After Invocation to Right to Counsel Ambiguous Invocations DUI Checkpoints Pretext Stops AND A LOT MORE... Over 160 Search & Seizures principles covered! Today's society is becoming increasingly more likely to resist the lawful actions of law enforcement officers. It is critical for officers to have the necessary defensive tactics (DT) skills to successfully overcome resistance in an efficient, safe, and legal manner. The answer to achieving these results is NOT in teaching thousands of possible responses to an infinite number of potential attacks. The answer is to first use a Risk Management approach and identify the most common and dangerous attacks on officers. Next, a successful DT program must stress core concepts, proper body mechanics, natural instinctive movement, and proven principles of survival. Advanced Concepts in Defensive Tactics: A Survival Guide for Law Enforcement presents the instruction of Master Police Instructor Chuck Joyner. Developed during his tenure as a FBI use of force instructor, and expanded by his lifelong dedication to the martial arts, Joyner's Survival Sciences DT program relies on adhering to advanced concepts rather than memorizing countless techniques. Based on extensive research and actual street experience, this manual: Focuses on defensive tactics that are easily taught, understood, and applied by officers regardless of their size, strength, or athletic ability Covers hand-to-hand tactics, groundwork, weapon retention/weapon disarming, handcuffing, and the survival mindset Explains the necessary integration of hands-on DT techniques with common law enforcement secondary weapons (e.g., baton, pepper spray, TASER) Introduces a new use of force model (Dynamic Resistance-Response Model) which correctly depicts the dynamic encounter between an officer and a resistor by first focusing on the level of resistance by the subject Offers practical solutions reducing officer, department, and municipality liability Provides password access to the author's supplemental training videos online Chuck Joyner, a recognized expert in the use of force, lectures throughout the United States and internationally on myriad law enforcement topics. Mr. Joyner holds several FBI instructor certifications in force-related training, has earned black belts in four martial arts, and was awarded master rank in two styles. He was inducted into the Martial Arts Hall of Fame as

instructor of the year in 2006. Mr. Joyner was employed by the CIA from 1983 to 1987, and has worked as a Special Agent with the FBI since 1987. Chuck was interviewed on February 29, 2012 on American Heroes Radio. The New York Times – bestselling author and cancer survivor tells how to hold on to joy in times of sorrow in this “absolutely beautiful book” (Sue Monk Kidd). The prize-winning author of such modern literary classics as *Practical Magic*, *The World That We Knew*, and *The Marriage of Opposites*, Alice Hoffman is also a cancer survivor. In *Survival Lessons*, she shares her transformative journey, showing us how to re-envision our own lives and relationships with our friends and family, and the significance of the everyday choices we make. Sorrow and joy are both part of the human experience, and the beauty of the world is easy to overlook during periods of crisis, illness, or loss. Here, Hoffman offers wit, wisdom, and comfort in “an optimistic instruction manual [for] anyone struggling with self-care in a time of trouble” (Story Circle Book Reviews). “In this gem of a book, Alice Hoffman acknowledges the sorrows of life, while reminding us of its joys. *Survival Lessons* is filled with love, insight, and lots of practical advice—including a crazy-good brownie recipe.” —Will Schwalbe, *New York Times* – bestselling author of *The End of Your Life Book Club* “Hoffman’s storytelling artistry enlivens each intimate, thoughtfully distilled, charming, and nurturing lesson in living.” —Booklist “[*Survival Lessons*] is not about [Hoffman’s] breast cancer per se but about making choices that will improve readers’ lives and relationships and remind them ‘of the beauty of life.’” —Library Journal “Full of smart intentions and kind reminders . . . Uplifting advice we’ll gladly take.” —Better Homes & Gardens This National Book Award Finalist is a thought-provoking exploration of emotional abuse, self-reliance and the nature of evil. A heart-wrenching portrait of family crisis, this is perfect for fans of Laurie Halse Anderson’s *Speak* and Jay Asher’s *Thirteen Reasons Why*. For Matt and his sisters, life with their cruel, physically abusive mother is a day-to-day struggle for survival. But then Matt witnesses a man named Murdoch coming to a child’s rescue in a convenience store; and for the first time, he feels a glimmer of hope. Then, amazingly, Murdoch begins dating Matt’s mother. Life is suddenly almost good. But the relief lasts only a short time. When Murdoch inevitable breaks up with their mother, Matt knows that he’ll need to take some action. Can he call upon Murdoch to be his hero? Or will Matt have to take measures into his own hands? A gripping, powerful novel that will stay with you long after you’ve read it. Nancy Werlin, the *New York Times* Bestselling author of *Impossible*, shows why she is a master of her genre. “[A] dark but hopeful tale, with pacing and suspense guaranteed to leave readers breathlessly turning the pages.”—Booklist (starred review) “Beautifully framed as a letter from Matthew to his younger sister, the suspense is paced to keep

Matthew's survival and personal revelations chock-full of dramatic tension. Bring tissues."—Kirkus (starred review) "Grace and insight."—School Library Journal (starred review) National Book Award Finalist LA Times Book Prize Finalist ALA Best Books of the Year ALA Quick Pick This book is designed to provide spiritual fortification for officers who are faced with a barrage of experiences in the course of their careers which challenge their most deeply held personal beliefs. It comes with exercises, tools, and insights to restore inner peace and clarity. The book that could save a police officer's life, career and the life of the citizens officers encounter on the job. The "Bible of Law Enforcement Training" is what the 1980 first edition of Street Survival was considered throughout the profession. Street Survival II: Tactics for Deadly Force Encounters, written by Lt. Jim Glennon, Lt. Dan Marcou with the original author Chuck Remsberg, has a new, sleek, modern look. While paying homage to the original, the update includes more than 200 colored photos and diagrams and delves into the profession's many changes over the past three decades. It includes tactics, effective street communication, detecting preattack indicators, public expectations, the issue of Guardian and Warrior roles, and especially preparing for the realities of force events.

PULITZER PRIZE WINNER • A "vivid and devastating" (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott "From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths."—Ayad Akhtar, author of *Homeland Elegies* **ONE OF THE TEN BEST BOOKS OF THE YEAR:** The New York Times • **ONE OF THE BEST BOOKS OF THE YEAR:** The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani's childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City's homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter "to protect those who I love." When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott's *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J.

Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award A human-idomeni hybrid with a very bad reputation, former Captain Jani Kilian is out of hiding and officially a civilian. But peace is not an option. Suddenly an important player in the Commonwealth's delicate dealings with the alien idomeni, Jani has inadvertently incurred the wrath of top powers in politics, finance, diplomacy, and crime. Her war is not yet over, just moving to a higher plane. There's no truth to the timeworn adage that old soldiers never die; they do . . . and sometimes badly. Jani Kilian's come back to a new world that's not brave but definitely in peril. And "kill or be killed" is her only real choice . . . because now only one law remains. In asymmetric interstate conflicts, great powers have the capability to coerce weak states by threatening their survival—but not vice versa. It is therefore the great power that decides whether to escalate a conflict into a crisis by adopting a coercive strategy. In practice, however, the coercive strategies of the U.S. have frequently failed. In *Coercion, Survival and War* Phil Haun chronicles 30 asymmetric interstate crises involving the US from 1918 to 2003. The U.S. chose coercive strategies in 23 of these cases, but coercion failed half of the time: most often because the more powerful U.S. made demands that threatened the very survival of the weak state, causing it to resist as long as it had the means to do so. It is an unfortunate paradox Haun notes that, where the U.S. may prefer brute force to coercion, these power asymmetries may well lead it to first attempt coercive strategies that are expected to fail in order to justify the war it desires. He concludes that, when coercion is preferred to brute force there are clear limits as to what can be demanded. In such cases, he suggests, U.S. policymakers can improve the chances of success by matching appropriate threats to demands, by including other great powers in the coercive process, and by reducing a weak state leader's reputational costs by giving him or her face-saving options. This book deals with positive tactics officers can employ on the street to effectively use their own firearms to defeat those of assailants. It is devoted exclusively to understanding and mastering techniques that work for survival in real life situations. Unfortunately, most of the current literature on so-called 'combat shooting' explores what works against paper targets. Few street-wise experts or truly contemporary articles have emerged on street survival, although deadly assaults on the police continue to occur year after year. This book can help make you survival sensitive. The techniques it emphasizes are designed to affect the way you prepare, plan and react, to keep you alive in real situations. They are not hypotheses, but proven procedures, based on the insights of officers who have experienced gun battles and survived and on the lessons left behind by those who have died. *Arresting Communication: The Academy Edition* was written by Lt. Jim Glennon a 30 year

law enforcement veteran who also taught at a Police Academy for 12 years. The book can be used by academies as a blueprint for training as well as by recruit officers looking for the tools necessary to communicate effectively during any type of interaction. It includes subjects such as: body language, proxemics, detecting deception, how to get confessions, developing rapport, avoiding citizen complaints, and understanding the fundamental needs of the Human Animal. In addition, the book advises those entering the profession on how to make it through the Academy as well as the subsequent Probation Period that follows graduation and employment. Visit BlueToGold.com for agency-pricing. As a law enforcement officer, you must be able to articulate hundreds of important search and seizure doctrines. Especially in this day and age where the public and courts are increasingly scrutinizing your encounters with the public. This book will become a valuable partner whether you're looking for legal guidance in the field or back at the station and need help writing a police report founded directly in case law. Topics Covered: Private Citizens & Agents Two Types of Searches Abandoned or Lost Property Consensual Searches De Facto Arrests Unprovoked Flight Being Filmed or Recorded When to 'Unarrest' Suspect 'Contempt of Cop' Arrests Hotel Rooms Parental Consent to Search Child's Room Re-engagement After Invocation to Remain Silent Re-engagement After Invocation to Right to Counsel Ambiguous Invocations DUI Checkpoints Pretext Stops AND A LOT MORE... Over 160 Search & Seizures principles covered! This book provides concise, targeted information for police officers. The Fourth Amendment only prohibits one type of search or seizure, the unreasonable one. This book explains what those factors are. It is written in a checklist type format and officers around the country have expressed their appreciation for its down-to-Earth writing style and easy-to-apply format. This concise handbook focuses on all aspects of law school that are mystifying or tricky or both. The Law School Survival Manual: From LSAT to Bar Exam offers complete coverage, Before law school What you'll need before you apply Picking the right law school for you Orientation Your checklist for law school First year Collegiality and etiquette Friendships, romance, and networking The psychology of law professors Reading cases and statutes Outlining and studying Preparing for essay and multiple-choice exams Choosing upper-level courses Managing your time and scheduling your life Exploring joint-degree program opportunities Finding and applying for a summer job Landing a judicial clerkship Studying for the bar exam and the MPRE With reassuring humor and

unique perspectives, Nancy Rapoport and Jeff Van Niel show you how to cope with stress, manage your time, study efficiently, nurture new friendships, write a paper, prepare for exams, and make sound decisions - in law school and beyond. In this comprehensive guidebook, three experienced entertainment lawyers tell you everything you need to know to produce and market an independent film from the development process to deal making, financing, setting up the production, hiring directors and actors, securing location rights, acquiring music, calculating profits, digital moving making, distribution, and marketing your movie. This book provides concise, targeted information for police officers. The Fourth Amendment only prohibits one type of search or seizure, the unreasonable one. This book explains what those factors are. It is written in a checklist type format and officers around the country have expressed their appreciation for its down-to-Earth writing style and easy-to-apply format. A career must for new cops...and a powerful retrospective for veteran cops. Agencies are filled with political infrastructures, influences and nuances. Identifying and understanding them can make a critical difference in your career. Through experience, research & candid colleague conversations, Milchovich helps new officers understand: - 13 leadership styles - good and bad - and strategies for dealing with them - Political issues that can influence leadership decisions - Issues related to "freebies" and major agency supporters - Strategies for navigating the politics of promotion - Political realities of IA and how to survive the process. The Legal Writing Survival Guide is for any law student or lawyer facing legal writing's most common conundrums, including: the document that is too complicated, the memo that didn't find the "right" answer, the brief that must deal with bad law, and the email that has to deliver bad news. Covering predictive writing, persuasive writing, and correspondence, it offers practical tips, tricks, and tactics. The Legal Writing Survival Guide also includes clear illustrations and solutions to common grammar, punctuation, citation, and style issues that are critical to surviving any legal writing assignment. It is the survival guide you have been waiting for. Whether you are a procrastinator, a pessimist, or just plain perplexed, The Legal Writing Survival Guide will help. This hands-on manual makes it possible to reclaim the husband-wife relationship while surviving--and even improving--the frequently tumultuous relationship with a mother-in-law. "This book is a contemporary classic—a shrewd and spirited guide to protecting ourselves from the jerks, bullies, tyrants, and trolls who seek to demean. We desperately need this antidote to the a-holes in our midst."—Daniel H. Pink, best-selling author of To Sell Is Human and Drive How to avoid, outwit, and disarm assholes, from the author of the classic The No Asshole Rule As entertaining as it is useful, The Asshole Survival Guide delivers a cogent and methodical game plan for anybody

who feels plagued by assholes. Sutton starts with diagnosis—what kind of asshole problem, exactly, are you dealing with? From there, he provides field-tested, evidence-based, and often surprising strategies for dealing with assholes—avoiding them, outwitting them, disarming them, sending them packing, and developing protective psychological armor. Sutton even teaches readers how to look inward to stifle their own inner jackass. Ultimately, this survival guide is about developing an outlook and personal plan that will help you preserve the sanity in your work life, and rescue all those perfectly good days from being ruined by some jerk. “Thought-provoking and often hilarious . . . An indispensable resource.”—Gretchen Rubin, best-selling author of *The Happiness Project* and *Better Than Before* “At last . . . clear steps for rejecting, deflecting, and deflating the jerks who blight our lives . . . Useful, evidence-based, and fun to read.”—Robert Cialdini, best-selling author of *Influence* and *Pre-Suasion*

Survival Driving: Staying Alive on the World’s Most Dangerous Roads, Second Edition was written to inform and protect: to keep people alive by making them more situationally aware. Any person is a potential target, either from a criminal or a terrorist threat, depending on your profession and the type of environment you live and work in. Driving is the most important part of a person’s security program, whether the person is traveling alone or the executive being moved by his or her security detail. The book is written in plain, easy to understand language providing straight-forward guidance that outlines tools to ensure security whenever in transit in a vehicle. This includes making themselves a hard target in order to avoid attack. While most terrorist or criminal attacks are difficult to predict, the majority of attacks take place when a person is in transit. By providing tools such as rout analysis, identifying choke points, learning where safe havens are located along a route, individuals are able to predict the places that are most vulnerable, and take steps to ensure safety. VIPs, executives, those working in—or traveling to—volatile regions of the world, and those hired to protect such individuals will equally learn how to detect surveillance when it is targeted against them, when they are the potential target. Failing this, the book also provides the tools a person needs to break contact and escape when an attack against them while moving in their vehicle occurs. The book covers basic and advanced driving skills and instructs on how to best understand the transport vehicle and its capabilities. Key Features: Instructs readers on how to recognize and anticipate potential attack sites during movement Illustrates how to properly maintain a vehicle at peak performance in different environments so it will work as required when needed Describes vehicle dynamics and, specifically, how a vehicle can be used as a tool to protect, and aid escape, when under attack Outlines the ways individuals can become more situationally aware in their

movements Maps out key security driving elements such as steering, braking, vehicle dynamics, and evasive maneuvers to escape amidst a threat By raising situational awareness, increasing knowledge of the attack cycle, and outlining the nature of threats, Survival Driving can transform any reader from a soft target to an informed hard target who threat actors will want to avoid. Brazilian authorities continuously fail to comply with international norms on minimal conditions of incarceration. Brazil's prison population has risen ten-fold since the country's return to democracy in the 1980s. Its prisons typically operate at double official capacity and with 100 prisoners for each guard on duty. At the same time, however, the average Brazilian prison is not as disorderly or its staff-inmate relations so conflictual as our established theories on prison life might predict. This monograph explores the means by which Brazilian prisons function in the absence of guards. More specifically, the means by which prison security and inmate discipline is negotiated between prison managers, gangs and the wider inmate body. While fragile and varied, this historical tradition of co-produced governance has for decades kept most prisons in better order and enabled most prisoners to better survive.

Goal Setting for Law Enforcement Officers: Be a Survival Oriented Officer by Scott Kirshner, M.Ed. is the ultimate goal setting resource for LEO's who are committed to officer survival. This work provides a simple and highly effective method for setting goals in a manner that is well defined using an easy to follow step-by-step process. There are many books available about goals but few are dedicated to the survival oriented law enforcement officer. Additionally, information is provided on why most goals fail and ways to avoid these pitfalls. Whether you want to: Get in shape, eat healthier, learn self-aid/buddy aid skills, improve your firearms skills, become effective against an edged weapons attack, etc. this book will guide you towards goal achievement and success. This concise book gets to the point, is focused, and stays on topic. It avoids the theoretical and academic psychological information relating to goals and motivation that ends up overwhelming many readers. Goal Setting for Law Enforcement Officers by Scott Kirshner, M.Ed. covers the following topics: The Power of Goals, Why Goals Fail, S.M.A.R.T. Goals for Law Enforcement Officers with examples, SWOT Analysis and Goals, Motivation, Self-Talk, Thought-Stopping to Neutralize Negative Self-Talk, and Techniques to Keep You on Track. Goal Setting for Law Enforcement Officers will provide you with the knowledge you need to clearly define your officer survival goals and successfully reach your potential. No more excuses, delays, or procrastination. Remember: Hope is not a survival strategy. Now is the time to stop thinking about what you want accomplish and time to start writing your goals down so you can successfully achieve your goals. With the knowledge obtained

in this book you can: COMMIT TO WIN. Win. Survive. Prevail. Visit BlueToGold.com for agency-pricing. around the country have expressed their appreciation for its down-to-Earth writing style and easy-to-apply format. Reduce your risk of costly litigation! Written in easy-to-understand language by a team of medical doctors who are also attorneys at law, this handbook addresses the issues surrounding the growing incidence of medical malpractice. It examines the scenarios that can result in a malpractice suit, the best actions to take during the course of litigation, and the most effective ways to minimize your legal liabilities. Access the expert guidance of top professionals across medical and legal fields in an easy-to-read format. Review the legal aspects of nearly every medical topic that impacts health care professionals. Quickly see how to minimize your legal liabilities with the aid of "Golden Rule" boxes. Understand the different types of malpractice suits and the physician's position and defense in each. See how concepts apply to specific scenarios through abundant case studies. Explore specific legal considerations for each medical specialty. Through extensive field observation and structured interviews with NYPD officers, Henry reveals patterns of psychological transformation and social consequences of police encounters with death. Emily Westhill runs the best donut shop in Fallingbrook, Wisconsin, alongside her retired police chief father-in-law and her tabby Deputy Donut. But after murder claims a favorite customer, Emily can't rely on a sidekick to solve the crime—or stay alive. If Emily has learned anything from her past as a 911 operator, it's to stay calm during stressful situations. But that's a tall order when one of her regulars, Georgia Treetor, goes missing. Georgia never skips morning cappuccinos with her knitting circle. Her pals fear the worst—especially Lois, a close friend who recently moved to town. As evening creeps in, Emily and the ladies search for Georgia at home. And they find her—murdered among a scattering of stale donuts . . . Disturbingly, Georgia's demise coincides with the five-year anniversary of her son's murder, a case Emily's late detective husband failed to solve before his own sudden death. With Lois hiding secrets and an innocent man's life at stake, Emily's forced to revisit painful memories on her quest for answers. Though someone's alibi is full of holes, only a sprinkling of clues have been left behind. And if Emily can't trace them back to a killer in time, her donut shop will end up permanently closed for business . . . "In discussing a wide array of legal, biological, and sociocultural definitions, Eva Garrouette documents how these have frequently been manipulated by the federal government, by tribal officials, and by Indian and non-Indian individuals to gain political, social, or economic advantage. Whether or not one agrees with her solutions, anyone seriously concerned with contemporary American Indian issues should read this book."—Garrick Bailey, editor of *The Osage and the Invisible World* "Real Indians is a remarkably candid, engaging, and compelling book. It

tells the important and often controversial story of how 'Indian-ness' is negotiated in American culture by indigenous peoples, policy makers, and scholars."—Robert Wuthnow, author of *Creative Spirituality* "Eva Marie Garroutte has done an exemplary job of combining scholarly sources, personal accounts, interview data, and self-reflection to catalog and examine the ways in which individual and collective identities are asserted, negotiated, and revitalized. She invites readers to imagine an intellectual space where scholarly and traditional ways of knowing and telling come face to face in an epistemological landscape where the 'traditions' of social science and 'radical indigenism' can confront one another in constructive dialogue."—Joane Nagel, author of *Race, Ethnicity, and Sexuality Power: Police Officer Wellness, Ethics, and Resilience* collectively presents the numerous psychic wounds experienced by peace officers in the line of duty, including compassion fatigue, moral injury, PTSD, operational stress injury, organizational and operational stress, and loss. Authors describe the negative repercussions of these psychic wounds in law enforcement decision-making, job performance, job satisfaction, and families. The book encompasses evidence-based strategies to assist law enforcement agencies in developing policy programs to promote wellness for their personnel. The evidence-based techniques presented allow officers to get a more tangible and better understanding of the techniques so that they apply those techniques when on and off-duty. With forewords authored by Dr. John Violanti (Distinguished Police Research Professor) and Dr. Tracie Keese, Vice President of the Center of Policing Equity, this book is an excellent resource for police professionals, police wellness coordinators, early career researchers, mental health professionals who provide services to law enforcement officers and their families, and graduate students in psychology, forensic psychology, and criminal justice. Platinum Award Winner 2019, Homeland Security Awards - American Security Today Provides reader with evidence-based strategies to promote officer wellness Covers compassion fatigue, moral injury, PTSD, operational stress, and more Written by established scholars and professionals from a law enforcement context From the author of the #1 New York Times bestseller, *World War Z*, *The Zombie Survival Guide* is your key to survival against the hordes of undead who may be stalking you right now. Fully illustrated and exhaustively comprehensive, this book covers everything you need to know, including how to understand zombie physiology and behavior, the most effective defense tactics and weaponry, ways to outfit your home for a long siege, and how to survive and adapt in any territory or terrain. Top 10 Lessons for Surviving a Zombie Attack 1. Organize before they rise! 2. They feel no fear, why should you? 3. Use your head: cut off theirs. 4. Blades don't need reloading. 5. Ideal protection = tight

clothes, short hair. 6. Get up the staircase, then destroy it. 7. Get out of the car, get onto the bike. 8. Keep moving, keep low, keep quiet, keep alert! 9. No place is safe, only safer. 10. The zombie may be gone, but the threat lives on. Don't be carefree and foolish with your most precious asset—life. This book is your key to survival against the hordes of undead who may be stalking you right now without your even knowing it. The Zombie Survival Guide offers complete protection through trusted, proven tips for safeguarding yourself and your loved ones against the living dead. It is a book that can save your life.
