Mosby's Canadian Textbook for the Support Worker prepares students to function in the role of support worker in community and institutional settings. The #1 text used by Support Worker programs across Canada and at Canadian-affiliated schools worldwide, the book covers the broad foundation of skills that support workers/resident care aides/health care aides need in order to perform their role safely and effectively. Comprehensive, yet easy to read, Mosby's Canadian Textbook for the Support Worker makes learning easy with clear explanations of concepts and step-by-step presentations of procedures. Numerous full-colour illustrations, photographs, charts, and tables are combined with real-life case studies and examples to provide the reader with an outstanding learning experience. Covers key procedures for Canadian support workers – 95 in total Recognizes provincial/territorial differences in scope of practice Clear, detailed instructions in step-by-step procedures Evidence-based practice: chapter references supplied at end of book Reflects current Canadian practice and terminology Additional First Nations content Chapter summaries to aid student comprehension Rationales for all procedure steps Test Bank features higher-level taxonomies to allow testing that focuses on cognitive level Instructor's Test Bank features higher-level taxonomies to allow testing that focuses on cognitive level And more! Principles of Classroom Management, Third Canadian Edition is designed to help you improve the teacher-student relationship in order to foster positive student behaviour and academic success. Instead of labelling students as problematic, the authors emphasize the situation, placing the onus on teachers to modify either their behaviour or the situation. The other pillar of Principles of Classroom Management is its up-to-date Canadian content. It reflects Canadian values through its references to current Canadian research, discussion of changes in Canadian schools, and coverage of best practices across the country. The case studies have also been revisited to ensure they reflect real, current issues in Canadian schools. This option is perfect for those students who focus on the textbook as their

main course resource. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Designed with the student in mind, and easy to read and use, the new 2nd edition of Lilley will cover all the key pharmacology content needed by Canadian nursing students. Known for its appealing layout, plenty of photos, and numerous helpful boxed features, Lilley helps students manage the extremely detailed subject of pharmacology. This edition focuses on the role of nurses and their practices in culturally diverse Canada, and includes new content on natural health products and ethnocultural considerations. Evidence-Informed Practice Boxes: Provide a bridge between research evidence and its relevance to nursing practice Laboratory Values Related to Drug Therapy: Provide normal ranges and values for specific lab tests, and rationales for lab assessments in relation to specific drug therapy UNIQUE! In My Family Boxes: Written by nursing students of various ethnocultural backgrounds, relaying their cultural health beliefs and practices and drug use Preventing Medication Errors Boxes: Reinforce concepts introduced in the medication errors chapter and relate them to specific common errors that occur in clinical practice. Special Populations: Women: In addition to other special populations, some boxes specifically focus on women's health UNIQUE! Tear out cards from Mosby's Pharmacology Memory NoteCards Increased pathophysiology coverage: Introduces key chapters to provide students with a brief overview before launching into drug information Chapters on Antibiotics and Antineoplastics: Subjects have both been divided into two chapters each, making difficult material easier to digest for students Generic and trade drug names are used throughout – with a new Drug Index at the back of the book Emphasis on nursing roles and practices in Canada More info on natural health products More info on ethnocultural considerations Research Made Relevant Children and Their Development, 6e demonstrates how research translates into practice. Written by a well-known and respected researcher in the field of child development, this topically organized text uses unique and effective pedagogy as its main framework. The book focuses on practice through its accessible writing, modular format, and application-based features, such as: Focus on Research, Cultural Influences, Spotlight on Theories, Improving Children's Lives, and Child and Development and Family Policy. Topic coverage includes the prenatal period through adolescence, which best suits Child Development courses in Psychology, Education, Human Development, Child and Family Studies, and Early Childhood Education. Welcome to the fourth Canadian edition of On Cooking: A Textbook of Culinary Fundamentals. Learning to cook entails much more than simply learning to follow a recipe. Consequently, this is neither a cookbook nor a collection of recipes. It is a carefully designed text intended to teach you the fundamentals of the culinary arts and to prepare you for a rewarding career in the food service industry. A comprehensive overview of human communication from a Canadian perspective Praised by students and instructors alike for its engaging approach and reader-friendly design, this fourth Canadian edition prepares students to become effective communicators in both their personal and professional lives. With a strong focus on the influence of culture and technology throughout, the text examines a range of contemporary topics from online social networks to group dynamics. With the market-leading nursing fundamentals text in Canada, you can be assured that students will develop a firm educational foundation that will help them to succeed. Written in a clear manner and organized logically, this book will teach students all of the principles, concepts and skills necessary for them to thrive, both academically and professionally. A trusted favourite for Canadian faculty and students, the new Fourth Canadian Edition offers the most complete teaching and learning package available. A companion CD and Evolve website included with the book ensure that students have the most up-to-date and practical tools at their fingertips, and provide instructors with a host of resources to assist in their lesson planning, development and delivery. The new Fourth Canadian Edition of this nursing classic is the most current and comprehensive text available. . Nursing skills include steps and rationales to illustrate how and why a skill is performed . Critical thinking models illustrate how to provide the best care for clients . Nursing care plans include sections on Assessment, Planning, Interventions and Evaluation . Client teaching boxes emphasize key points for patient education . Boxes on older adults, culture and primary health care highlight key principles and aspects of nursing care . Evidence-informed practice guidelines provide examples of recent guidelines for Canadian nursing practice . Research highlights provide abstracts of current nursing research studies and explain the implications for daily practice . Companion CD includes student learning activities, Butterfield's Fluids and Electrolytes Tutorial, and more . Companion Evolve website includes review questions, interactive exercises, and more . Completely revised and updated to reflect current Canadian nursing practice . New chapter on Surviving Cancer . New chapter on Nursing Informatics . 3 new Canadian section editors . An all-new Canadian editorial advisory board . Over 55 contributors from across the country . Emphasis on the Media Resources that accompany each chapter help to detail the comprehensive electronic resources available for that specific topic . Addition of new Nursing Story boxes that describe real-life scenarios . Increased emphasis on nurse and client safety, including Safety Alerts embedded throughout the text that highlight safe practices and techniques . New appendix on laboratory values This exciting new textbook for introductory psychology helps to open students' minds to the idea that psychology is all around us. Authors RON COMER and LIZ GOULD encourage students to examine what they know about human behaviour and how they know it; and open them up to an appreciation of psychology outside of the classroom. Psychology Around Us helps students see the big picture by stressing the interconnected nature of psychological science. Almost every chapter within this first edition helps open students' minds to comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. This text highlights human development, brain function, abnormal psychology, and the individual differences in each area as cut-across themes to demonstrate these connections. Also included are two-page art spreads to demonstrate exactly What Happens In The Brain When we engage in everyday activities such as eat pizza, study psychology, or listen to music. The art featured in these spreads have been created especially for Psychology Around Us by an award-winning artist with input from faculty on how it will contribute to teaching and learning. Features: Cut Across Connections - Almost every chapter helps students comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. What Happens in the Brain

When... These two-page art spreads demonstrate exactly what happens in the brain when we engage in everyday activities such as eating pizza, studying psychology, or listening to music. Chapter Opening Vignettes - Every chapter begins with a vignette that shows the power of psychology in understanding a whole range of human behaviour. This theme is reinforced throughout the chapter, celebrating the extraordinary processes that make the everyday possible. Special topics on psychology around us - Each chapter highlights interesting news stories, current controversies in psychology, and relevant research findings that demonstrate psychology around us. The Practically Speaking box emphasizes the practical application of everyday psychology. Helpful study tools - Key Terms; Marginal Definitions; Marginal Notes; Chapter Summaries. Provides the need-to-know information for nurses, in an easy retrieval format for clinical settings, and includes approximately 200 medical surgical conditions and procedures. An updated guide to Canadian copyright law for an age of reckless infringement This fourth edition of Canadian Copyright Law brings you the latest updates according to new Canadian legislation and international agreements. Copyright infringement has always been an invisible crime. Now with near-constant access to the Internet and the mainstream explosion of digital formats, copyright is one of the most important issues for creative professionals, consumers of that media, and those who work in related industries. The line between what is protected and what is "free" is blurring further, and the copyright issues are more complex than ever. Provides a complete update on copyright issues relating to digital media. Takes the convoluted legal jargon of the Canadian Copyright Act and sets it out in everyday language. Provides concrete examples to offer further clarification of complicated matters. Whether you are a creator or user of copyright material, Canadian Copyright Law will keep you current on copyright law in Canada and its applications to your situation—to protect your creations, content, and products in these rapidly changing markets. Braun, Managerial Accounting builds a solid foundation in managerial accounting concepts, within a less intimidating and more student-friendly context by making information easier to find, making topics easier to understand, and providing numerous engaging examples for students. KEY TOPICS: Introduction to Managerial Accounting; Building Blocks of Managerial Accounting; Cost Behaviour (formerly chapter 6); Cost-Volume-Profit Analysis (formerly chapter 7); Job Costing (formerly chapter 3); Process Costing (formerly chapter 5); Activity Based Costing (formerly chapter 4); Short-Term Business Decisions; The Master Budget and Responsibility Accounting; Flexible Budgets and Standard Costs; Performance Evaluation and the Balanced Scorecard; Capital Investment Decisions and the Time Value of Money MARKET: Appropriate for the Introduction to Management Accounting course. The fourth Canadian edition of Weygandt, Kieso, Kimmel, Trenholm, Kinnear Accounting Principles has been carefully developed to build upon the highly regarded "Student Success" foundation for which it has become known over the years. The book has been praised by students and instructors across the country for its outstanding visual design, its carefully integrated pedagogy, and its excellent writing style and clarity of presentation; these key elements have been further enhanced in the fourth edition. Our ongoing series of workshops, "Ensuring Student Success in Principles of Accounting", has provided an understanding of how instructors teach and how they use the materials we provide. This knowledge has allowed us to introduce a series of critical upgrades that will help you teach in more innovative and efficient ways. Just roll to the new edition of Weygandt and benefit from a whole new set of resources and problems. This is the best Weygandt package we have ever produced! This bestselling textbook portrays the latest developments in psychology in a charismatic style that will inspire a lifelong love of science. As top researchers, committed educators, and writers who hit the bestsellers lists, this extraordinary author team keeps students captivated page after page, story after story, with Ingrid Johnsrude bringing in Canadian research and examples. The new edition takes a closer look at the role psychology plays in our society, with new material in Chapter 2 that looks at the truth about psychological science, the rate of replication in published studies, and how critical thinking is foundational in science and life. Chapter 1 presents a new look at the history of the science with unexpected stories and new insights into its surprising origins. Each chapter has been fully updated with Canadian-based research and examples to portray a field that is constantly evolving and illuminating the world today. Combined with LaunchPad, including the LearningCurve adaptive quizzing system, the new Fifth Edition is a powerful way to introduce students to the science of psychology. "Dying and Death in Canada offers a comprehensive discussion of dying, death, and bereavement from a Canadian perspective. The third edition has been thoroughly updated and several new topics have been added, including assisted suicide and active euthanasia, end of life care, emerging trends in funerary practices, and changing conceptualizations and interventions in the grieving process. A glossary has also been added along with end-of-chapter review questions and an appendix listing recent and seminal movies, television programs, documentary films, and other visual media sources dealing with dying and death. The new edition includes 22 black and white photos, 4 figures, and 3 tables."-- With its enhanced design and increased Canadian content, Basics of Social Research: Qualitative and Quantitative Approaches sets a new standard in social research methods. The improved layout makes a difficult subject easier to understand, with a new four-colour, visually enhanced presentation. Updated Canadian content focuses on real research examples from Canadian studies to make social research accessible to students and demonstrate how social research has applications in the real world. Themed boxes and new end-of-chapter questions increases student learning and provides a foundation for further learning about social research methods. Accessible and illuminating, this text is both a map and toolkit for successfully navigating the maze of social statistics. A five-step learning model, applied to each statistical technique, introduces key concepts in plain language; explains how to perform calculations manually; provides specific descriptions of how to use statistical software such as SPSS; offers practice questions to solidify understanding; and gives guidance on interpreting results. The Broadview Pocket Guide to Writing is a concise volume presenting essential material from the full Broadview Guide to Writing. Included are summaries of key grammatical points; a glossary of usage; advice on various forms of academic writing; coverage of punctuation and writing mechanics; helpful advice on how to research academic papers; and much more. Four commonly-used styles of citation and documentation are covered—MLA, APA, Chicago, and CSE. The revised fourth edition includes full coverage of the 2016 MLA Style changes. Dessler: Preparing today's students to be tomorrow's HR Professionals

Management of Human Resources: The Essentials, Fourth Canadian Edition, brings both human resources and non-human resources students into the current and comprehensive discussion on the ways in which human resources are among the most important assets in organizations today. The Canadian fourth edition provides extensive coverage of all HRM topics, such as job analysis, HR planning, recruitment, selection, orientation and training, career development, compensation and benefits, performance appraisal, health and safety, and labour relations. Note: If you are purchasing an electronic version, MyManagementLab does not come automatically packaged with it. Medical-Surgical Nursing is a popular medical/surgical text used in nursing courses around the world containing solid, research-based content presented in a concise, readable, and consistent format. Conceptual and applied, with emphasis on analyzing and interpreting Canadian data to make informed business decisions. The book draws students in using a conversational writing style and delivers content with a fresh, exciting approach that reflects the authors' blend of teaching, consulting, and entrepreneurial experiences. KEY TOPICS: Introduction to Statistics; Data; Surveys and Sampling; Displaying and Describing Categorical Data; Displaying and Describing Quantitative Data; Scatterplots, Association, and Correlation; Introduction to Linear Regression; Randomness and Probability; Random Variables and Probability Distributions; Sampling Distributions; Confidence Intervals for Proportions; Testing Hypotheses about Proportions; Confidence Intervals and Hypothesis Tests for Means; Comparing Two Means; Design of Experiments and Analysis of Variance (ANOVA); Inference for Counts: Chi-Square Tests; Nonparametric Methods; Inference for Regression; Understanding Regression Residuals; Multiple Regression; Building Multiple Regression Models; Time Series Analysis; Decision Making and Risk; Quality Control MARKET: Appropriate for the Intro to Business Statistics-One or Two Term course. Iris Au and Jack Parkinson of the University of Toronto, Scarborough have "Canadianized" the Microeconomics section of Krugman/Wells, Economics, Third Edition, maintaining the structure and spirit of the U.S. version but adapting it to include Canadian examples and stories to appeal more directly to Canadian instructors and students. Note: If you are purchasing an electronic version, MyBCommLab does not come automatically packaged with it. To purchase MyBCommLab, please visit [www. MyBCommLab.com](http://www.MyBCommLab.com) or you can purchase a package of the physical text and MyBCommLab searching for ISBN 10: 0133508706 / ISBN 13: 9780133508703. Business Communication Essentials introduces you to the fundamental principles of business communication and gives you the opportunity to develop your communication skills. You'll discover how business communication differs from personal and social communication, and you'll see how today's companies are using blogs, social networks, podcasts, virtual worlds, wikis, and other technologies. Business Communication Essentials offers you the opportunity to practise communication skills that will help you get jobs and be promoted in today's workplace. The new fifth Canadian edition is student-friendly and features the most extensive end-of-chapter activities available, including questions, exercises, assignments, and cases. WHATS IN IT FOR ME? Information technology lives all around us-in how we communicate, how we do business, how we shop, and how we learn. Smart phones, iPods, PDAs, and wireless devices dominate our lives, and yet it's all too easy for students to take information technology for granted. Rainer and Turban's Introduction to Information Systems, 2nd edition helps make Information Technology come alive in the classroom. This text takes students where IT lives-in today's businesses and in our daily lives while helping students understand how valuable information technology is to their future careers. The new edition provides concise and accessible coverage of core IT topics while connecting these topics to Accounting, Finance, Marketing, Management, Human resources, and Operations, so students can discover how critical IT is to each functional area and every business. Also available with this edition is WileyPLUS - a powerful online tool that provides instructors and students with an integrated suite of teaching and learning resources in one easy-to-use website. The WileyPLUS course for Introduction to Information Systems, 2nd edition includes animated tutorials in Microsoft Office 2007, with iPod content and podcasts of chapter summaries provided by author Kelly Rainer. This text is not about filling in income tax forms-it provides students with strategies for building a successful personal financial plan. This hands-on approach equips students with the expertise they need to make informed financial decisions. The most recent coverage of rules and regulations that govern and affect financial planning have been integrated throughout this new edition, as well as coverage of recent events such as the financial crisis. Note: If you are purchasing an electronic version, MyFinanceLab does not come automatically packaged with it. To purchase MyFinanceLab, please visit www.MyFinanceLab.com or you can purchase a package of the physical text and MyFinanceLab by searching for ISBN 10: 0321751159 / ISBN 13: 9780321751157. Olmsted/Burk is an introductory general chemistry text designed specifically with Canadian professors and students in mind. A reorganized Table of Contents and inclusion of SI units, IUPAC standards, and Canadian content designed to engage and motivate readers distinguish this text from many of the current text offerings. It more accurately reflects the curriculum of most Canadian institutions. Instructors will find the text sufficiently rigorous while it engages and retains student interest through its accessible language and clear problem solving program without an excess of material that makes most text appear daunting and redundant. This highly accessible, manageable program is user-friendly for instructors, teaching assistants, and students. Known for its succinct and precise grammar explanations, its presentation of high-frequency and practical vocabulary, and its overall flexibility, HOLA, AMIGOS! continues to maintain its appeal with instructors regardless of their preferred methodology. The program is designed to develop students' ability to communicate effectively in Spanish in a variety of situations as well as to strengthen cultural awareness and competence. It offers a full scope and sequence, yet is brief enough to be used effectively for a two-semester course. The eighth edition features an enhanced integration and presentation of culture and new and exciting technology components. All components are fully integrated with the flexibility to accommodate a range of scheduling factors, contact hours, course objectives, and ability levels. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Note: If you are purchasing an

electronic version, MasteringGeography does not come automatically packaged with it. To purchase MasteringGeography, please visit www.MasteringGeography.com or you can purchase a package of the physical text and MasteringGeography by searching for ISBN 10: 0133405524 / ISBN 13: 9780133405521. Respected for its scientific accuracy, currency and thoroughness, and for its integration of high quality figures and photos, Christopherson/Byrne/Giles, Geosystems Fourth Canadian edition is the name you can trust with the content your students will read.
